Remarks by the FBI - [unclear]

I took this telephone report at 10:20 on 27 Mar 65.

Mrs Justice was sure of what she and her daughter have seen. Her purpose of being up at 10:00 in the morning was ~~one~~ to see if her children were sleeping alright. Has been doing this for some time.

Mrs Justice first called Mr. Marshall of Radio Station WBLR Springfield Ohio who told her to call WPAFB.

He was supposed to have said to Mrs. Marshall that this was not the first report of the object sighting -

Some other man called in to the SA - did not want any publicity on this for fear somebody would think she was lying things. I had to reassure her that we would not give it any publicity unless she would go on in her description of her sighting or give her name and address.
